CAREER OBJECTIVE

Experienced Flutter Developer with a strong background in mobile app development, state management, and API integrations. Passionate about building user-friendly apps and staying up-to-date with emerging technologies to drive project success.

EXPERIENCE

Sunra SoftTech Pvt Ltd, Pune — *Flutter Developer*

JULY 2022 - PRESENT

- Integrated third-party libraries such as Firebase, Google Maps, and payment gateways (e.g., RazorPay) to enable seamless communication between the front-end and back-end APIs, enhancing app functionality and performance.
- Implemented Bloc state management for better control over app state, ensuring efficient and scalable data flow, and optimized communication between the user interface and back-end services.
- Successfully deployed applications to both Google Play and the App Store, managing the entire process from initial submission to approval, ensuring apps meet platform-specific guidelines and requirements for public distribution.
- complex animations within the app UI to enhance visual appeal and improve user interactions, contributing to an engaging and intuitive user experience.
- Built dynamic and complex app functionalities using the Bloc design pattern, resulting in improved app maintainability, scalability, and ease of adding new features or modifying existing ones.
- Provided continuous app support by promptly addressing bugs, troubleshooting issues, performing necessary bug fixes, and conducting regular code reviews to ensure code quality, maintain performance standards, and improve the overall stability of the application.

SKILLS

- C
- Flutter & Dart
- HTML
- CSS
- Javascript
- Bootstrap
- JQuery
- Postgresql

Syscription Technology Pvt Ltd, Pune — *Flutter Developer*

JAN 2022 - JULY 2022

- Worked extensively with Firebase Push Notifications and Phone Number Authentication to improve app functionality, providing users with real-time notifications and a secure, streamlined authentication process. This helped increase user engagement and retention by simplifying the login experience.
- Gained hands-on experience in API integration, including performing CRUD operations to manage app data efficiently. Successfully integrated Google Maps Services for location-based features and RazorPay for secure payment processing, ensuring a seamless and user-friendly payment experience within the app.
- Diagnosed and corrected code errors throughout the app, identifying performance bottlenecks and fixing bugs to improve overall app stability, speed, and user satisfaction. Ensured smooth functionality by resolving issues related to data handling, connectivity, and UI performance.
- Conducted thorough user requirement analysis to understand app needs and develop features that address user expectations. Supported features like image uploads to the server, QR code scanning, and advanced debugging techniques to resolve complex technical challenges and improve app reliability.
- Designed and developed intuitive UI interfaces using the Flutter framework, ensuring an engaging and easy-to-use experience for users across both iOS and Android platforms. Focused on creating responsive, visually appealing layouts and enhancing overall app usability.
- Developed reusable custom widgets and components to streamline the creation of UI elements, reducing development time and ensuring consistent and scalable designs. This approach accelerated the development process and improved the maintainability of the codebase.

EDUCATION

Sarhad College of Arts,Commerce Science,katraj

— *M.Sc Computer Science*

JUNE 2019 -APRIL 2021

Vishwakarma College of Arts,Commerce Science

Kondhwa

— *B.Sc. Computer Science*
